ANNUAL REPORT

FY2019

GRATEFUL FOR OUR CARE

I am so blessed and thankful that y'all were there when my travel emergency needed your experienced and capable hands. God surely was in control and guided us to the best treatment I could have hoped for. I am truly grateful for the wonderful care during my week's stay. The staff that assisted me was all outstanding, and my wife and I felt very comfortable with their kindness, care and hospitality.

Three of the folks who had a significant impact on my recovery were **Dr. Jason Harris in the ER, Dr. Kevin Hayes as my cardiologist and Dr. Kathleen Martin** who coordinated and monitored my care. I'm enclosing a gift as an equal tribute to each of these fine doctors. The results of their efforts, I feel, had a priceless influence on my recovery that I could never repay.

Through everyone's effort, I have recovered without noticeable stroke damage and have been able to resume my usual lifestyle.

God bless you all!

Richard
Fredricksburg, TX
